The whole event was really well organized where the panel spoke about how the waste ends up on our coast lines and how it's bad for the environment and habitat. This event happened on 4<sup>th</sup> August in and was held by NSS unit of R.D. National College. There was Ajay sir from BMC a personal from All India plastic association and they explained about the Mega Clean-up drive on 17<sup>th</sup> September.

Personals from Indian Coast Guards were present at the event, Commander Ravi Kumar and Prasun Tiwari were educating us about the benefits and reasons behind the coastal clean-up and the need to clean the waste.

They were educating about the need of plastic and that plastic is not bad but the need of plastic is there but the waste management of plastic is more important.

They were also explaining about how there is a need to spread awareness of having a proper plastic management. They also did show videos about how coast guards protect our coastlines of India.
