Department of Electronics and Telecommunication Engineering

Peer Knowledge Sharing:

Friday, 28th September 2018, the department of EXTC had organized a **one day workshop on "IoT: Hands on practice using Arduino and Raspberry pi"**. The workshop was organized for TE extc students and conducted by one group of BE EXTC students.

The feedback from the attendees is very positive and they learnt how to work on Arduino and Raspberry pi. Prof. Smita Pawar took the initiative to make the arrangements. Facilities from the department also attended the workshop.

Conducted By: Rajnish Tailor, Alric Pinto, Shunak Prabhu, Michael C (BE EXTC19)
