

DATE: 10/09/2021

**Event Coordinator(s)**

Prof. Nitin Ahire

**Time & Place:**

03- 09 -2021

2.00 to 4.00

Google Meet

**Department:**

Electronics and  
Telecommunication

**No. of participant:**

53 Students

TE EXTC

**OBJECTIVE:**

Electronics and Telecommunication department had organized a guest lecture on "Real life applications of Digital Modulation scheme" for Third year students under the subject Digital Communication by Prof. Nitin Ahire. The lecture was arranged so that students will have a glimpse of different architectures and approaches for next generation theory of digital communication. The benefits and challenges of each approach and real life use cases will be explored.

**SCOPE:**

This lecture was arranged for third year EXTC students to make them aware that Fundamental of antenna design

**OUTCOMES:**

To learn the real-life applications of Digital Modulation scheme"

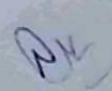

**RESOURCE PERSONS:**

Prof. Zainab Mizwan

Shree L.R. Tiwari

College of Engineering,

Mumbai

  
Nitin Ahire
