An online guest lecture was organized for the students of class T.E. (EXTC) on **"What is JDBC (Java Database Connectivity)?"**. It was delivered by **Ms. Smita Joshi** who is currently an assistant professor at Pillai College of Engineering. She has 4 years of industrial experience and 18 years of teaching experience.

The guest lecture was conducted on Google meet platform on 8th April, 2021. Total 56 students attended the guest lecture and the objective of the guest lecture was to provide an insight about JDBC.

Prof. Smita Joshi explained about what is JDBC (Java Database Connectivity), PostgreSQL, how to use it. She started with Java and later, she explained how to connect Java with PostgreSQL using JDBC.

The lecture was of great help to the students as they had to make their mini projects, they learned about connecting the database. The session was very interactive and Students asked a few queries and maam answered them all.

The session was summed up by a vote of thanks by Prof. Lalita. It turned out to be a great informative and helpful lecture.

Student Feedback and Benefits:

The students found the session very informative, helpful and excellent. It was a knowledge gaining session.
