1. Nilambari Narkar

Date & Place:

Online using Google Meet

18th March 2021

Xavier Institute of Engineering

Department:

Computer Engineering

No of participant:

55

An online guest lecture was organized for T.E. (COMPS) students on the topic “*Software Requirements Visualization Using Wireframes & Storyboards*” and it was delivered by **Prof. Naveen Vaswani**, who works as an **Asst. Professor, Watumull Institute, Ulhasnagar**.

The guest lecture was conducted using Google meet on 18th March 2021 and was organized by Ms. Nilambari Narkar from Computer Engineering Department.

Total 55 students attended the guest lecture and the objective of the guest lecture was to provide an insight to the third year students about new trends of software requirement visualization and help them to understand importance of software engineering.

The speaker shared his views on ‘Introduction to software requirement visualization, hands-on software requirement visualization using wireframes & storyboards’.

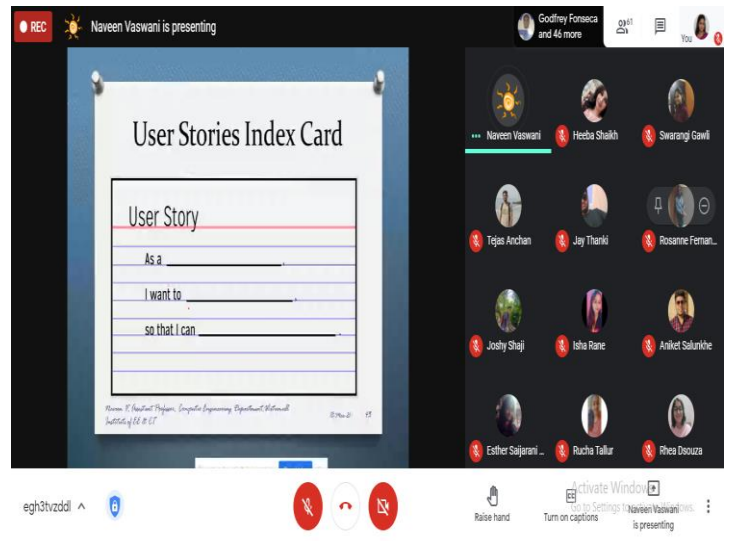

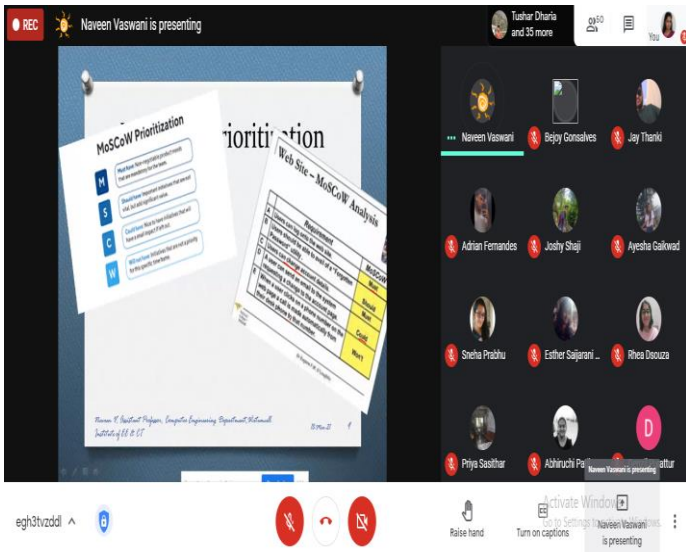

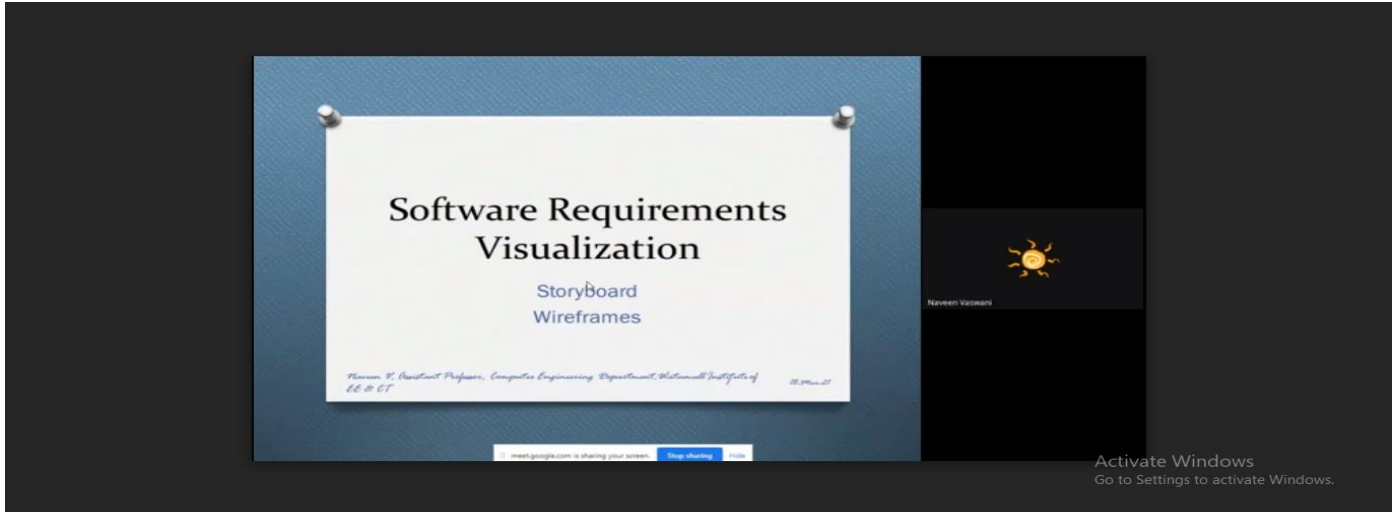

The students were quite astonished by hands-on software requirement visualization using wireframes & storyboards. Overall, the session was interesting and motivating for students to study software engineering.

Student Feedback and Benefits: The students found the session very informative, helpful and excellent. It was a knowledge gaining session about software requirement visualization.

Conclusion

Software-related accidents are usually caused by flawed requirements.
