**PROJECT EXHIBITION ON DIGITAL SIGNAL AND IMAGE
PROCESSING**

Prof. Teena Varma from Computer department held Project exhibition of Final Year students on Mini project of Subject Digital Signal and Image Processing.

Exhibition was held in all computer laboratories and students from Second and Third year were present to get an idea for developing projects in future. Even staff from other department participated to view projects.

H.O.D of Computer Department Prof. Sushama K. had judged the event and Students were felicitated for first 3 places by our Director Fr. Dr. John Rose.
