Dear Director of XIE,
Dear John-ji,

I hope this email finds you well.
I thought I would send this message to thank you so kindly for your generous support of our budding university.
The Programming course went very well. Prof UPADHYAY was great and the students learnt fast.
We held an event when students presented their projects. Everyone enjoyed a lot and learned so much. Parents requested a standing ovation for Prof UPADHYAY at the end. It was very moving.

I am very grateful to you for your kind support and we look forward to more collaboration.

Blessings,
