

As the first half of October comes to a close, take a moment to appreciate how far you've come. Whether it was through teamwork, learning, or small personal wins, every step counts. Keep the momentum going with the same energy, focus, and spirit...there's so much more to achieve in the days ahead!

Rukmini Devi Arundale: India's Cultural Warrior

Rukmini Devi Arundale, a visionary of the 20th century, stood strong against social stigma and colonial prejudice to revive Bharatanatyam—a sacred Indian classical dance that was fading from public respect. She redefined it as a spiritual and aesthetic art form, bringing it to national and global stages.

As a cultural ambassador and one of the first Indian women to represent the country at UNESCO, she proved that women could lead cultural reform and stand equal to male leaders in art and politics. Her life teaches us the importance of preserving tradition, leading with integrity, and following our passion with courage and compassion.

Rukmini Devi remains a timeless inspiration, reminding us that protecting culture is also an act of bravery.

This season, inspired by Rukmini Devi's grace and grit, let's honor bravery with pride, embrace courage and determination, and step into challenges with fearlessness, focus, and purpose—just as she did to protect and elevate our cultural heritage.

Cecilia Dinesh
BE-COMPS

Cecilia's first half of October was filled with achievements and academic progress. She secured the 2nd prize in the SprintNova Hackathon, showcasing her innovation and technical expertise. She also presented a research paper at ICATES 2025, gaining valuable exposure in her field. Alongside these accomplishments, Cecilia actively participated in placement drives, demonstrating her readiness for professional opportunities. Balancing academics with these engagements, she performed well in the Internal Assessment 2 exams and continued steady progress on her major project, reflecting her commitment and focus throughout the month.

The first half of October was a vibrant blend of teamwork, sports, and academics for Anjali. On the 3rd, the TE CSE girls participated in Sparks, the college sports fest, competing in box cricket. Although the team didn't win, the experience was filled with fun, memorable moments, and valuable lessons. On the 4th and 5th, Anjali and the XIE-IET On Campus team, in collaboration with the CSC team, actively contributed to the successful organization of ICATES 2025, showcasing strong coordination and teamwork. Following the event, she shifted focus to academics, completing practical file submissions and preparing for the Internal Assessment 2 exams.

Anjali Walekar
TE CSE

Anushree Verma
TE CSE

Anushree's first half of October was marked by a productive mix of academics and extracurricular involvement. She began the month with preparations for ICATES 2025, which was successfully held on the 4th and 5th in collaboration with the CSC team. The event offered valuable insights and strengthened her teamwork skills. Post-conference, Anushree focused on academic responsibilities, including practical submissions and Internal Assessment 2 preparation. She also contributed as an Informals Moderator with the Cultural Committee, helping plan and finalize games for the upcoming Freshers event, which turned out to be a joyful celebration. Her October journey reflected dedication and rewarding experiences both inside and outside the classroom.

Allison began October with preparations for ICATES 2025, gaining valuable experience in teamwork, planning, and collaboration. Thanks to the collective dedication of the organizing teams, the event was a great success. Following the conference, she focused on Internal Assessment Test preparations and practical file submissions, making the week both hectic and productive. Once the academic tasks were completed, Allison took time to review her results and reflect on her performance. With Diwali holidays approaching, she looks forward to a well-deserved break and is gearing up for the exam-filled month ahead, including the upcoming CCSP course.

Allison Maegan Suvarna
TE CSE

Disha Gupta
TE CSE

Disha experienced an exciting and productive start to October, marked by new experiences and academic focus. She was part of the organizing team for ICATES 2025, held on the 4th and 5th, and found the collaboration with IET and CSC to be enriching and insightful. After the event, she turned her attention to academics, preparing for file submissions and the Internal Assessment Test. Disha also contributed to the Cultural Committee's planning for Fresher's Day, helping create a welcoming and memorable event for new students. Later in the month, she received her assessment results, which reflected her efforts and guided her toward further improvement. October was a month of balance for Disha—blending leadership, learning, and creativity.

The first week of October was all about creativity, vision, and solutions. Kanchan really enjoyed volunteering for ICATES, and she is happy to share that she also presented a paper with three of her team members.

Also Kanchan is very thankful to Allan Sir for his guidance and support. Every participation was a great learning experience.

The first half of October helped her to get a feel for event management, and she think she is starting to enjoy it!
