Event Co-ordinator

1. Nikita Lemos

Time& Place:

**3rd floor of Xavier Institute
of Engineering main
building**

Department:

Institute level activity

No of participant: 07

First time ever a book donation drive was organised in Xavier Institute of Engineering on the behalf of the Xavier Institute of Engineering Alumni Association (XIEAA) and co-ordinated by Ms. Nikita Lemos (Alumna of XIE) on 11th January 2020.

The targeted donors were also the alumni of Xavier Institute of Engineering. This event was planned one month in advance and the alumni were intimated about the same a month prior via emails and messages.

Ms. Nikita Lemos was an alumni representative present for the drive; she interacted with the alumni and recorded their donation.

About 7 alumni donated about 27 books for the XIE library ranging from novels to various reference books.

The alumni were more than happy to help the college enrich its library and help the students currently studying in the institution with this noble contribution.

The Xavier Institute of Engineering Alumni Association (XIEAA) plans to continue this as a yearly activity from now onwards.

Benefits: The alumni of XIE were engaged with the institute through this activity and their donation will help the institute enrich its library and benefit the current students.
