Report of Tech Dias Lecture on
"Innovations in Cyber Hygiene and Deployment of Security Standards"

The Department of Computer Engineering of Xavier Institute of Engineering organized "Innovations in Cyber Hygiene and Deployment of Security Standards" on September 22, 2022 in association with The Institution of Engineering & Technology, Mumbai LN.

Objective(s):

1. To keep sensitive data secure and protect it from theft or attacks.

2. To give awareness of cyber hygiene best practices like Backups, Encryption, Firewalls, Password hygiene, Patch management and Online discretion

Beneficiaries: Industries person, Faculties & Students across the world

No. of Participants: 202

Venue: Seminar Hall

Date / Duration: Full day event on September 17, 2022

Speaker Details:

Mr. Akhil Trivedi, TMBS's USA Director

He is having 25 years of experience in the Cyber-Security and Networking domain, discussion with him could be a huge asset to I.T. infrastructure planning and maintenance teams. He is a Cisco Certified Network Administrator, Certified Ethical Hacker, and has CISSP, CISA and CCSK certifications from global bodies like ISC2, ISACA and can be an unparalleled resource on topics of Disaster Recovery and Business Continuity processes. He has also been Chief Information Officer of "Halma Group of companies" before joining TMBS and thus has a lot of experience in standardizing and auditing I.T. processes of an organization.
