Placement and Internships

The final interviews of Androsonic's campus placement 2022 were conducted and the results were declared on 4th October 2021. The following 7 students from XIE got placed for the role of software engineer with a package of 3.8 LPA: Yash Mistry, Melisa Andrea Soans, Jarvis Trinidade, Karan Umredkar, Nimeesha Venkatavelu, Jay Panchal, and Ankur Foujdar.

The results of the Capgemini's 2022 campus placements programming test were declared. 7 students have been shortlisted for differential packages and 50 for the analyst's role. Students selected for the differential packages role will be offered 7.5 LPA while those selected for the analyst role will be offered 4 LPA. Final interviews for shortlisted candidates will be conducted in the last week of October 2021.

TCS' aptitude test results were declared on 29th September 2021. 158 students from XIE participated. 56 students cleared the test and the further process is awaited.

Achievements

Prof. Chhaya Narvekar participated in the First IEEE International Virtual Conference on Computing, Communication and Green Engineering-2021 (CCGE'21) from 23- 25 September 2021. She presented a technical paper titled 'Temporal Analysis and Prediction of the Mithi River using Remote Sensing and Machine Learning based on Water Quality Parameters'.

She also reviewed the submitted papers at the IEEE Conference on Technologies for Future Cities 2021 from 08- 09 October 2021.

Prof. Stella J completed a one-day online training on 30th September 2021 on "Mobile Malware Analysis with Unsupervised Machine Learning Methods using Python." It was hosted by the Centre for Cyber Intelligence and sponsored by DST-CURIE-AI.

Prof. Chhaya Narvekar completed a four week NPTEL online certification course on "Python for Data Science" from July to August 2021.

Prof. Jaychand Upadhyay completed a four week NPTEL online certification course on “Python for Data Science” from July to August 2021.

Prof. Sulochana Devi completed a four week NPTEL online certification course on “Demystifying Networking” from July to August 2021.
