XIE organized an internal Hackathon on 25th March 2022 from 9 am onwards. The internal Hackathon was judged by Prof. Jyotsna More from the IT department, and Prof. Omprakash Yadav and Prof. Teena Varma from the COMPS department. Three teams participated; namely Team Code Burner with their project on One Point Student Verification through mobile application, Team Sentinels with their project on Mental health and well-being surveillance, assessment and tracking solution among children, and Team Recursion with their project on Extraction of Data including voice and images from various social Media platforms from Disaster struck areas. All the three teams have been nominated for the Smart India Hackathon 2022.
