

2017-18

Soft Skills & Trainings

DATE: 22/08/2017

The java training was conducted by Mr.Chirag Panchal for the students of second and third Year of Batch 2019-20. The training covered topics like Introduction to java, keywords and strings, variables and arrays. After the Training was completed the students appeared for Microsoft Technology Associate (MTA) certification exam. The passing percentage of the students for that exam was 100%. Clearing the exam, the Individual were provided an E-Certificate which recognized the individual as Microsoft Techology Associates for Software Development Fundamentals.

Following the exam, the students were provided with 1 month internship opportunity for which the students need to develop a project in the duration of 1 month.

The program received a lot of positive feedback. The students got a hands on practice to a new technology that was not a part of syllabus. All the OOPs doubt faced by the students before the training were also cleared.

.Net Training and Internship Program was a 1 week training and 1 month Internship Program that was organized to provide the students of Xavier Institute of Engineering to understand the .Net Framework and C# Programming.

The Training and Internship program was been conducted by Mr. Chirag Panchal, CMP Infotech.

Third Year students of batch 2019-20 from all departments were part of the program. The purpose of the program was to allow the students to learn and understand .Net Framework. The program allowed the student to understand Basics of C#, OOPM in C#, working with ASP .Net framework, Microsoft Database Server and opportunity to work on live project.

The program was organized at Xavier Institute of Technology. The total duration of the training and Internship program was 1 Month and 7 Days, in which 1 week training and 1 month of Internship opportunity was provided. 40 students from all departments were part of the program.

After the Training was completed the students appeared for Microsoft Technology Associate (MTA) certification exam. Clearing the exam, the individual were provided an E-Certificate which recognized the individual as Microsoft Technology Associates for Software Development Fundamentals.

The program received a lot of positive feedback. The students got a hands on practice to a new technology that was not a part of syllabus. All the OOPs doubt faced by the students before the training were also cleared.

Web Development Workshop

The Workshop was conducted by Shivang Sachdev for TE-IT students.

The Workshop was conducted for TE-IT students and was of 2 days (50 hours) which included 30 students where all the basic concepts of PHP were covered in detail.

They taught about installing, building blocks, structures, array, functions, OOPS concept, DBMS basics and database integration.

Also, gave basic idea about cookies, sessions, debugging and CMS.

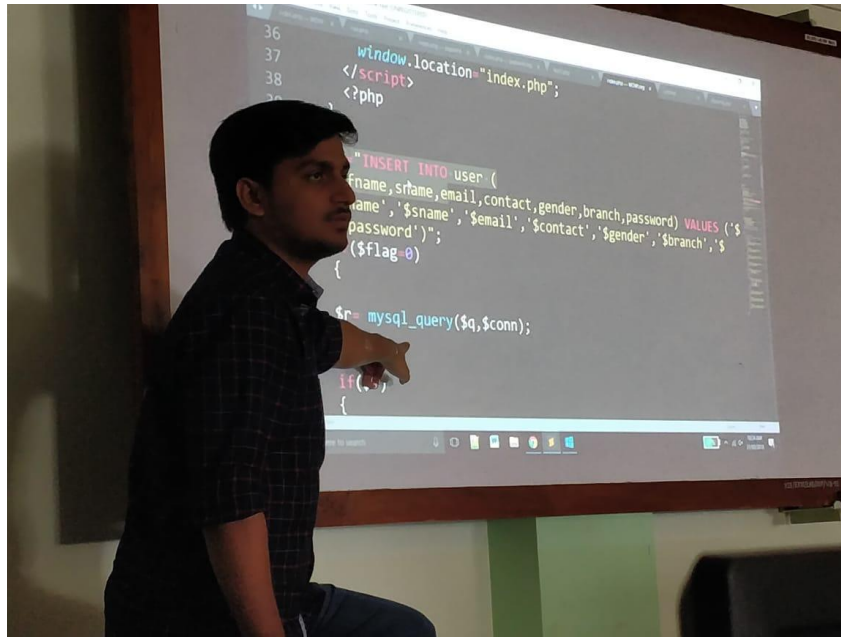

Students learned and strengthened their concepts of PHP and Database. The workshop was liked by all the students and they encouraged to arrange another workshop for same.

Description of EVENT

Smartwayz Placement Training was conducted for Batch 2017. The training was Conducted by Mr. Chirag Thakkar, Head of a Soft Skills Training Institute, SmartWayz. In this training students were taught about the easy and faster way to solve Aptitude Test questions and how to face other rounds like Group Discussion and Interview.

For this training, 163 students register themselves. There were 68 students from Computer Department, 54 from Electronics and Telecommunication Department and 41 from IT Department.

They provided booklets to each student in which the questions were printed. Some space was kept vacant to write the answers. This Training was held for 5 days, 22nd to 27th of June. For first 3 days it was from 9am to 1pm, 25th it was from 9 am to 5:30 pm (Sunday). Last two days was also 9 am to 1 pm..

A mock aptitude test was conducted for all TE students to test their performance and most students performed well.

Dear Naveen,

This is with reference to an event scheduled tomorrow, guest session on "How to Optimize Entrepreneur Cell" organized by ISDI ACE in association with Board Of Apprenticeship Training. (BOAT)

The venue address is mentioned below;

ISDI ACE

7th Floor, Tower 2A, One Indiabulls Centre,

Lower Parel (W),

Mumbai – 400013.

www.isdi.in

Note: One India bulls is the land mark and the nearest station is Elphinston Station (Exit by taking a 1st bridge facing towards lower parel side)

Its one minute walk from the station and the ENTRY through **GATE No. 3.**

In case you are coming by Car / Cab then ENTRY is through **GATE No. 1**

All the security are briefed about the event and our staff member will be at the GATE to direct you to the Venue.

Looking forward to meet you.

Regards

Vishal Samal

Dear Mr.Vishal

Thanks for inviting our college for one day trip to ISDI campus. From our college, about 200 students will visit on 7th October I 2017.

It will be great if you could please arrange a bus for pick n drop facility. And also please let me know if students will get a participation certificate.

Waiting for a positive response from you.

Thank You

Dear Naveen,

This is with reference to DICE Boot Camp for TE students, Thank you for confirming the same for 7th Oct 2017 from 10am to 1pm at ISDI. As the policy of the institution we provide great infrastructure, expert faculty and refreshments for students however the travel arrangement as to be taken care by the college.

We will provide participation certificate to all the students and faculty attending the DICE Boot Camp.

Importantly we would like to know the exact count as we will need the details of students name, number and email ID to share it with India Bulls security for smooth entry and exit. In case the count increases there may be a possibility that we will have to conduct DICE in two batches (10am to 1pm and 2pm to 5pm).

However the flow of the event will be defined post the confirmed number of students shared with us.

Looking forward for your participation.

Regards

Vishal Samal

Android App Development and Internship Program was a 3-Days Training and 1 Month Internship Program that was organized to provide the students of Xavier Institute of Engineering to get familiar with the Android App Development Technology.

The Training and Internship program was been conducted by Mr. Neelesh Chaudhary, Technical Director at Laqshya Institute of Skills Training.

First Year, Second Year, Third Year and Final Year students from all departments were part of the program. The purpose of the program was to allow the students to learn the Android App Development Technology. The program allowed the student to understand Android Studio, Android coding, provide hands on practice and to work on live project.

The program was organized at Xavier Institute of Technology. The total duration of the training and internship program was 1 Month, in which 3 days training and 4 weeks of Internship training was provided. 63 students from all departments were part of this program.

The Program received positive feedback from the students. The Final Year students learned a lot from this program and applied their knowledge in their college mini-project.

Android Internship Proposal

Laqshya Institute of Skills Training

INTRODUCTION - ABOUT US

- Laqshya Institute of Skills Training (LIST) is an ISO 9001:2008 Institute
- LIST is established in year 2008. Running successfully from past 10 years
- Managing Team at LIST consists of well experienced MBAs & Engineers
- LIST has a proven track record of successful & innovative training programs
- Strong placement network for trained students
- In-House research & development (R&D) team for innovations
- Practical study materials and specialised delivery pattern

Why Android App Development Career

- Reason #1 Open source code – Make what you want
- Reason #2 Google Play Store– The Huge App Market
- Reason #3 Booming Job Prospects
- Reason #4 Revenue Model For Freelancers
- Reason #5 Penetration on Different devices
- Reason #6 Gradual Learning Curve – Concepts of Java / XML + Android Studio

Internship Program Overview

In Association with

Prerequisites for Attending Internship Program in most Fruitful Manner -

- Knowledge of Core Java
- Command on object oriented programming concepts
- Availability of Laptop or Desktop at Home / College
- Install ANDROID STUDIO on your PC / Laptop
- Do Basic Homework on Android before starting the Internship

PROCESS TO BE IMPLEMENTED -

- Basic Training on Android App Development for 3 Days in College Premises
- Formation of Groups & Allotment of Projects
- Week 1 - Work on the given project
- Weekend : Show it to Sr.Developer for Bug Fixes and Doubts on Skype/Office/College
- Week 2 - Mon to Fri - Continue to Work on the given project
- Weekend : Show it to Sr.Developer for Bug Fixes and Doubts on Skype/Office/College
- Week 3 - Mon to Fri - Continue to Work on the given project
- Weekend : Show it to Sr.Developer for Bug Fixes and Doubts on Skype/Office/College
- Week 4 - Mon to Fri - Work on the given project
- Weekend : Submission of Final Project on Skype/Office/College

Topics to be Covered during Technical Training :

- Introduction to Android Environment
- Learning basic tools
- Understanding Android Studio
- Understanding Designing Environment
- Formation of Groups for App Projects
- Understanding Android Coding
- Understanding App Development requirements
- Technical Know-hows of Android Studio
- Some Sample Apps
- Functionality of Apps
- Distribution of Group wise Project

Benefits of Student

- Learn New Technology,
- Hands on Practical Training,
- Live Project Completion,
- Chance to get full time Internship of 6 months after final year,
- Can use Project File for mini project submission,
- Internship Certificate of 4 Weeks,
- Top 2 Apps get published on Google Play Store with Students name,
- Free Placement Assistance.

Cost per Student

Name of Program	Total Duration of Training	Fees Per Student (Minimum 30 or Abv Upto 50 Students)	Fees Per Student (50 or Abv. Students)
Four Weeks (1 Month) Internship Program	3 Days Training + 4 Weeks Internship On Live Projects	Rs.3500/-	Rs.3000/-
Twelve Weeks (3 Months) Internship Program	1 Week Training + 12 Weeks Internship On Live Projects	Rs.6900/-	Rs.5900/-

****Internship Experience Certificate will be provided by Laqshya Infosoft Solutions LLP.**

Hello Sir

Please send us the list of 15 students for tomorrow. I have attached a sample format. Please ask them to carry their government id since it's a tech Park campus and we need this details to get their access approved. We invite one of your faculty to join as well.

Regards
Archana Radhakrishnan

Hello Mr. Naveen ,

Hope you are doing well. I just wanted to reach out to you once again to apologize for the delay and the inconvenience caused by the Transport agent the other day.
We have been usually very wary about choosing our vendors and this was quite unexpected.
Hopefully your students were able to get back home not too late. Looking forward to collaborating with you on future events.

Capgemini arranged a three days Faculty Development Program for the faculty members of Xavier Institute of Engineering from 21st to 23rd June 2017.

The L&D team of Capgemini arranged a Hands on session which is not machine bound but a activity based session on "Agile Methodology".

On the first day brief introduction about Cloud Computing and agile methodology was given . The session was interactive. Further various topics such as "What does "(Going) Digital" as today's buzzword mean?,"Digital Strategy –Today's challenges – What is the need?","What does it encompass? Impact Areas?" ,"Digital" in real life" were discussed.On the second day brief description about topics like Internet of Things(IoT), Business Intelligence and DevOps was given.The third AMD the final day hand on experience and training about Agile methodology was given at the Capgemini campus at Airoli.

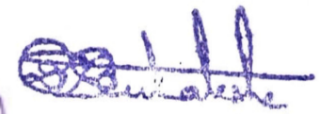

The training was very intensive and informative at the same time interactive. The faculty members definitely learned and gained new information.

The three days session conducted by Capgemini was informative and interactive.

Naveen. Kukreja <naveen.kukreja@xavierengg.com> Mon, Jun 19, 2017 at 1:59 PM
 To: Suprava Patnaik <s.patnaik@xavierengg.com>, Sushma Khanvilkar <sushma.k@xavierengg.com>, XIE Principal <principal@xavierengg.com>, Chhaya Narvekar <chhaya.n@xavierengg.com>, Francis de Melo <demelofrancis@gmail.com>, John Rose <johnrose@xavierengg.com>, Sushma_dhumal@yahoo.com, narvekarbhaya@gmail.com

Respected All,

After confirming with HODs final faculty list as attached has been shared with Capgemini.

Once again I am sharing the training schedule along with the topics. This FDP program will be for 3 days from 21st June 2017 to 23rd June 2017. First two days Capgemini Subject matter experts will come and conduct lectures here in college. On 23rd June all faculties have to visit their Airoli campus. Timings are 10am to 4 pm.

All faculties will get the letter from Capgemini for their participation in the FDP program. All HODs are requested to ensure the attendance of faculties.

Thanks.

Dear Pranav,

As per our discussion, your team from Reliance Jio will come to train our faculty (at least 2 faculty from each branch) with regard to optical fibre connectivities and networking. The training will be for 5 days [**Preferably from June 19 till 23rd**] (3 days in the class room and 2 days in the field). Thereafter, our faculty will pick up 25 good students from our 4 years and give them the same training. Good students will be hired by Reliance Jio. First you will allow them to do internship with the stipend of 8,000/ and then 15,000/ and then 25,000/ as they progress in their job.

You have also told us that you will give us all the training materials both hardware and software tools, which include optical fibre related networking connectors.

You plan to start the faculty training on or after May 15, 2017. It is agreeable to us. We welcome this idea of edu-industry collaboration. Hope this email affirmation is OK.

Thank you very much.

With kind regards,

John

35

A Short Projects Event was organized by Capgemini offering students the opportunity to interact with Corporate mentors and work while they are studying. Total of 35 candidates had applied for the evaluation process of this event. There were total 2 rounds for shortlisting the candidates.

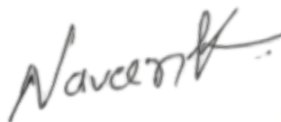

The 1st round of evaluation was scheduled on 31st July, 2017 on Skype where each mentor evaluated 5 candidates per allotted time slots. Out of 35 candidates 13 candidates were shortlisted for the 2nd round.

The 2nd round of evaluation was scheduled on 11th September, 2017 at 11am at Capgemini Yosemite office, Airoli SEZ. Out of 13 candidates only 11 candidates attended the 2nd round and 4 candidates were shortlisted.

The first mentor session was scheduled on 10th Oct, 2017 at 11:30am at Capgemini Airoli-SEZ office. During this session they discussed details on what project / concept they would be working on as an assignment.

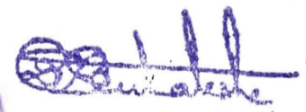

Student Feedback and Benefits

This Short Projects Event organized by Capgemini offered students the opportunity to interact with Corporate mentors and work while they are studying.

Dear Mr. Kukreja,

Thank you for showing interest in our Short Projects initiative and sharing list of candidates. The list that you shared had 2 duplicates hence now we have **35** candidates to go thru evaluation process of Short Projects. PFA list for your quick ref.

As we discussed earlier, just to reiterate, this is **NOT** an internship program. We treat this as Short Projects where **NO** monetary benefit is involved. We tried creating opportunity for students to interact with Corporate mentors and work we do, while they are studying.

I have scheduled 7 Skype meetings on naveen.kukreja@xavierengg.com ; Hope you have received it, **please accept Skype Meeting Invite**

Each mentor will evaluate 5 candidates per allotted time slot. Please forward this meeting invite to students accordingly.

Please make sure that Students report on time or rather 5mins early to avoid any technical issues.

Let me now if you have any queries.

Regards,

Rashmi

Description of EVENT

Virtual placement aims at bringing awareness about the placement process amongst students and trains the students. The students go through a similar process of an actual placement. This gives them a conception of the real placement. Acquainting themselves to be prepared in a most efficient way.

This event was eventually completed in a day carried out by the Training and Placement Cell team. The team included Sir, Naveen Kukreja and his TPO coordinators from the fourth and third year. Virtual placement was open for all branches and all the year of the student. The dominant registers for this event were from the first, second and third year. Around 200 students were registered all together 27 from Fe, 66 from Se and 159 from Te.

As the students were verified at the entry point every student got their personal VP kit. We started with the placement process with Aptitude, Technical Aptitude and competitive Programming. The level of these rounds was according to their academic year. Then there was a session in which the PPT was shown which was presented by Mr. Chirag. After the PPT lunch break was given to all. Lunch boxes were provided.

This was then followed by group discussion. Where they were segregated in groups of 8 to 10 people together. Later, we had the interview round which included technical and HR interview. HR's from various companies were there to conduct and support VP. The event successfully was completed at 8pm in the evening.VZDDVZ KMK

Student Feedback and Benefits:

Virtual Placement gives a clear image of what exactly happens in a real-life time placement scenario. It also enables them with what the company requires. The student undergoes similar process and pressure to excel themselves. Thus, giving them a concept oh how to be prepared for the actual placement.

Career Guidance

DATE: 11/03/2017

The following seminar was conducted for students of all years students by Europe Study Center for giving them an idea to apply for Master's degree overseas.

The students were told that for a master's abroad they would have to give certain exams, detailed explanation were given over IELTS and TOEFL. They were also told about the time validity of these scores. With these scores students can apply for countries such as the Germany, France, Swiss, UK and other European countries.

Students were told that if they were worried about the fees they could opt for countries which had low fees comparatively. Guidance in building their profiles, interview preparations, visa counselling, LORs and how to write their SOPs were given.

The classes offered assistance in schools and program selection, financial planning and how to apply for scholarships.

Student Feedback and Benefits:

Students got an over all idea of international higher studies

DATE: 11/03/2017

The following seminar was conducted for SE IT and SE EXTC students by Vidyalankar for giving them an idea on how prepare for GATE exam for their masters degree in India.

For preparation of the GATE exam students were first told about the syllabus and the weightage of each subject and also the duration of the exams. They would be provided with regular lectures and would be given trusted reference material that has been able to give maximum benefits to the previous batches.

Also mock tests would be taken so as to condition the students for the main exam. Students were told to solve previous years question papers so that they would be able to pinpoint the strong and weak areas and work on them accordingly. Making notes and keeping a record of tips and tricks would be beneficial as well. In addition to this they were advised on how to be disciplined and organised and take care of their health to make the most of this exam.

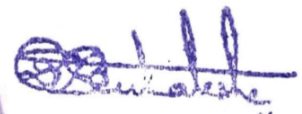

Student Feedback and Benefits:

Students got an overall idea of GATE exam format and preparation required

The following seminar was conducted for students of all years students by Vidhyalankar Classes for giving them an idea to apply for Masters degree overseas.

A small test was conducted for the students of GRE questions of both quants and verbal.

The students were told that for a Masters abroad they would have to give certain exams, detailed explanation were given over GRE , IELTS and TOEFL. They were also told about the time validity of these scores. With these scores students can apply for countries such as the US, Canada, Singapore, UK and other European countries.

Students were told that if they were worried about the fees they could opt for countries which had low fees comparatively. Guidance in building their profiles, interview preparations, visa counselling, LORs and how to write their SOPs were given.

The classes offered assistance in schools and program selection, financial planning and how to apply for scholarships.

Student Feedback and Benefits:

Students got an over all idea of international higher studies
