The java training was conducted by Mr.Chirag Panchal for the students of second and third Year of Batch 2019-20.

These students have completed 40 hrs of training and successfully completed their Microsoft Certification in Java and also students were assigned mini projects in Java. This certification is globally recognized by all I.T. firms. There were 10 students from S.E. Computers, 12 students from S.E.I.T, 4 students from S.E.EXTC, 1 from T.E.EXTC and 3 students from T.E.I.T.

The training covered topics like Introduction to java, keywords and strings, variables, and arrays. After the Training was completed the students appeared for Exam 98-388: Introduction to Programming Using Java certification exam. The passing percentage of the students for that exam was 100%. Clearing the exam, the Individual were provided an E-Certificate which recognized the individual as Microsoft Technology Associates.

Following the exam, the students were provided with 1 month internship opportunity for which the students need to develop a project in the duration of 1 month.

The program received a lot of positive feedback. The students got a hands-on practice to a new technology that was not a part of syllabus. All the OOPs doubt faced by the students before the training were also cleared.

Python Training

DATE: 16/12/2019

Industry Internship Cell, XIE had conducted a training programme for Python from 9th December 2019 to 14th December 2019.

There were 2 batches created for Python training. Batch 1 training was conducted on 9th Dec 2019, 11th Dec 2019 and 13th Dec 2019. Batch 2 training was conducted on 10th Dec 2019, 12th Dec 2019 and 14th Dec 2019.

Batch 1 was having around 50 students and batch 2 was having around 53 students. Students were from second and third year IT, COMPs, EXTC departments.

The certification exam for both the batches was conducted on 16th Dec 2019.

These students have completed 40 hrs of training and successfully completed their Microsoft Certification in Python. The students were assigned mini projects in Python.

This certification is globally recognized by all I.T. firms.

.Net Training and Internship Program was a 1 week training and 1 month Internship Program that was organized to provide the students of Xavier Institute of Engineering to understand the .Net Framework and C# Programming.

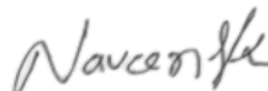

The Training and Internship program was been conducted by Mr. Chirag Panchal, CMP Infotech.

Third Year students of batch 2019-20 from all departments were part of the program. The purpose of the program was to allow the students to learn and understand .Net Framework. The program allowed the student to understand Basics of C#, OOPM in C#, working with ASP .Net framework, Microsoft Database Server and opportunity to work on live project.

The program was organized at Xavier Institute of Technology. The total duration of the training and Internship program was 1 Month and 7 Days, in which 1 week training and 1 month of Internship opportunity was provided. 40 students from all departments were part of the program.

After the Training was completed the students appeared for Microsoft Technology Associate (MTA) certification exam. Clearing the exam, the individual were provided an E-Certificate which recognized the individual as Microsoft Technology Associates for Software Development Fundamentals.

The program received a lot of positive feedback. The students got a hands on practice to a new technology that was not a part of syllabus. All the OOPs doubt faced by the students before the training were also cleared.

Description of EVENT

Smartwayz Placement Training was conducted for Batch 2021. The training was Conducted by Mr. Chirag Thakkar, Head of a Soft Skills Training Institute, SmartWayz. In this training students were taught about the easy and faster way to solve Aptitude Test questions and how to face other rounds like Group Discussion and Interview.

For this training, 110 students register themselves. There were 45 students from Computer Department, 26 from Electronics and Telecommunication Department and 39 from IT Department.

They provided booklets to each student in which the questions were printed. Some space was kept vacant to write the answers. This Training was held for 4 Days, 25th and 26th of January and 1st and 9th of February. For first 3 days it was from 9am to 5pm and for last day it was from 11am to 7pm.

A mock aptitude test was conducted for all TE students to test their performance and most students performed well.

Student Feedback and Benefits:

Students learnt how to tackle tricky questions in aptitude and confusing situations in interview with clearance of all their doubts. It will Help them in their Placements and aptitude exams.

A Design Thinking workshop was conducted by Capgemini in Xavier institute of engineering. It was a great learning experience for the students of XIE. This workshop was conducted on 7th Sep 2019. The Design Thinking workshop was conducted by Dilip Purohit, Director, Capgemini. In this workshop the importance of design element in a project was explained in detail. Various example from Capgemini design project were displayed and explained. Scope of Designers in IT product industries were showcased. Finally a QnA Round was conducted in which various doubts from the students were cleared.

Students learned the skills of Designing according to the industry standards and its implementation on actual product developments.

The python training was conducted by Capgemini for the students of Final Year 2019-20. The session was conducted as training basics in Python language as it is the most popular language of the current time.

The training covered topics like Introduction to python, operation in python, decision making and dictionary in python. The session was concentrated on building the basics of students in Python and for them to further explore the language.

The session started at 11:00 am in CC Lab on 1st Floor, students had normal lunch break of college and then the session continued. The session was taught to students to be used on Notepad application so that they can use it on any Text Editor or IDE later and for compilation of code was also done via CLI methodology.

Students got a good basics covered for Python and this improved students confidence in Technical Rounds.

Dear Rashmi,

Greetings of the day!

We would love to organize Python workshop for Third year IT students of Xavier Institute of Engineering on 20th September 2019. The timings for the workshop is from 12:00 to 4:00 pm.

Awaiting for your positive reply. Have a nice day!

Thanking you,

Regards,

Description of EVENT

Virtual placement is an event where students go through a similar process of an actual placement. It gives an experience to all the students about all the rounds of an actual placement.

It was a one-day event planned by the Training and Placement Cell and team includes Naveen Sir and his TPO Coordinators from BE and TE. This event was for students of first year, second year and third year. Around 245 students had registered for the event. 28 from FE, 121 from SE and 96 from TE.

The event started at 9:00 am with distribution of kits that included a folder, notepad food coupons and vouchers from sponsors. After the distribution of kits, we started with the placement process with Aptitude, Technical Aptitude and Competitive Programming. The level of these rounds was according to their academic year. These rounds were partnered with "Coding Ninjas". Then there was a lunch break and students were provided lunch boxes followed by group discussion, where students were divided into groups of 8-10.

Later, we had technical and HR interview taken by HR's from different companies. We had a total of 17 HR's from companies like Accenture, Infosys, Quantiphi, Simenes, Apiesro, LTI, Jio, ATOS, Financial Hospital. The event ended around 5:00 pm in the evening.

Student Feedback and Benefits:

Virtual Placement gives a clear understanding of what industry requires and the difference between theoretical learning and actual skills needed. The students undergo similar levels of stress and refinement as they will at the time of actual placement. It grooms and trains the students to face actual placement rounds and interviews

The workshop was conducted by experts from Capgemini on 12th October, 2019. There were around 50 students who participated in this workshop.

It started at 10:00 am with introduction of the speaker. The workshop covered topics like basics of Python, Introduction to Machine Learning, basic statistical analysis, regression analysis, supervised machine learning with classification, unsupervised machine learning with clustering and also business use cases were explained.

The workshop concluded by 6:00 pm in the evening.

The students were introduced to new concepts of machine learning and its application in various fields.

To: Naveen. Kukreja <naveen.kukreja@xavierengg.com>, Naveen Kukreja <naveenskukreja@gmail.com>

Good Morning Naveenji,

As we discussed, Our expert is available to conduct a **workshop on AI ML on 12th Oct 2019 from 10am-5pm** at your college.

Workshop's requirements:

- 50students + few faculty members.
- Lab set up or students should have Laptops
- Students for this workshop should be shortlisted by college.
- Our expert is planning to use Google Colab – the participants should have a google account.

PFA AI-ML Workshop coverage (TOC) for your quick reference.

Please check and confirm, so that our expert can plan accordingly.

Let me know if you have any queries.

Regards,

Rashmi

This event was conducted for male students of all academic years by Gillette. The session was on personal grooming, confidence in interviews and hygiene.

The even started in seminar hall where the speaker spoke about personal grooming and hygiene and confidence in interview. after that students were trained on most commonly asked interview questions. formal dressing guidance was given to students for their placement process.

After that Gillette had set up a booth at the entrance of the college and was distributing forms to students for a survey. Many students filled up the form which asked about their personal details and grooming requirements. One of every 10 students got a free Gillette Match 3 as a gift. This even saw enthusiastic participation and students gave a positive feedback about the activity.

Student Feedback and Benefits: Students were guided about personal grooming, confidence and hygiene and were tested on frequently asked interview questions.

College Name: Xavier Institute of Engineering
Address: Mahim Causeway Mahim (W) Mumbai-16

To

Group M.
Goregaon East, Mumbai, Maharashtra 400063.

Subject – Permission letter to organize Personality Development workshop in your college.

To Whom Ever It May Concern This is to certify that Vigor Launch Pad has been given permission to conduct personality development workshop in the college on **Monday 3rd February 2020** with First year students to help with personality development in the context of employment and future opportunities, inside your college premises.

It is agreed that mentioned students of Xavier Institute of Engineering College will join the seminar / workshop which is provided by Group M, seminar / workshop will equip students with essential grooming tips to help them in their career. Most importantly, the activity can lead to a highly coveted internship and placement opportunity at Group M.

Requirement from College Management:

1. We will require Projection and audio for above mentioned Seminar / Workshop.
2. Big Classroom or seminar hall where we can accommodate bulk number of students.
3. 180 students from First year.
4. 5 College students to Volunteer during activity.
5. 6 by 4 ft space to keep our experience booth.

Time & Place:

12:00PM – 1:00PM

Seminar Hall, XIE

Department:

Training and Placement
Office

No of participants:

87

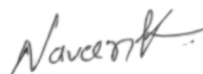

The following seminar was conducted for SE IT and SE EXTC students by Vidyalankar for giving them an idea on how prepare for GATE exam for their masters degree in India.

For preparation of the GATE exam students were first told about the syllabus and the weightage of each subject and also the duration of the exams. They would be provided with regular lectures and would be given trusted reference material that has been able to give maximum benefits to the previous batches.

Also mock tests would be taken so as to condition the students for the main exam. Students were told to solve previous years question papers so that they would be able to pinpoint the strong and weak areas and work on them accordingly. Making notes and keeping a record of tips and tricks would be beneficial as well. In addition to this they were advised on how to be disciplined and organised and take care of their health to make the most of this exam.

Student Feedback and Benefits:

Students got an overall idea of GATE exam format and preparation required

DATE: 13/03/2020

The following seminar was conducted for Third Year Computer Engineering students by ILW Overseas Education for giving them an idea to apply for Masters degree overseas.

A small test was conducted for the students of GRE questions of both quants and verbal.

The students were told that for a Masters abroad they would have to give certain exams, detailed explanation were given over GRE, IELTS and TOEFL. They were also told about the time validity of these scores. With these scores students can apply for countries such as the US, Canada, Singapore, UK and other European countries.

Students were told that if they were worried about the fees they could opt for countries which had low fees comparatively. Guidance in building their profiles, interview preparations, visa counselling, LORs and how to write their SOPs were given.

The classes offered assistance in schools and program selection, financial planning and how to apply for scholarships.

International Higher Education Seminar - Imperial

DATE: 14/03/2020

The following seminar was conducted for students of all years students by Imperial for giving them an idea to apply for Masters degree overseas.

A small test was conducted for the students of GRE questions of both quants and verbal.

The students were told that for a Masters abroad they would have to give certain exams, detailed explanation were given over GRE , IELTS and TOEFL. They were also told about the time validity of these scores. With these scores students can apply for countries such as the US, Canada, Singapore, UK and other European countries.

Students were told that if they were worried about the fees they could opt for countries which had low fees comparatively. Guidance in building their profiles, interview preparations, visa counselling ,LORs and how to write their SOPs were given.

The classes offered assistance in schools and program selection, financial planning and how to apply for scholarships.

Student Feedback and Benefits:

Students got an over all idea of international higher studies

The following seminar was conducted for SE Comps students by Vidyalankar for giving them an idea to apply for Masters degree overseas.

A small test was conducted for the students of GRE questions of both quants and verbal.

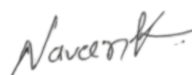

The students were told that for a Masters abroad they would have to give certain exams, detailed explanation were given over GRE, IELTS and TOEFL. They were also told about the time validity of these scores. With these scores students can apply for countries such as the US, Canada, Singapore, UK and other European countries.

Students were told that if they were worried about the fees they could opt for countries which had low fees comparatively. Guidance in building their profiles, interview preparations, visa counselling, LORs and how to write their SOPs were given.

The classes offered assistance in schools and program selection, financial planning and how to apply for scholarships.

Student Feedback and Benefits:

Students got an overall idea of international higher studies.

The following seminar was conducted for TE Comps and TE IT students by Byjus for giving them an idea to apply for Masters degree overseas.

A small test was conducted for the students of GRE questions of both quants and verbal.

The students were told that for a Masters abroad they would have to give certain exams, detailed explanation were given over GRE, IELTS and TOEFL. They were also told about the time validity of these scores. With these scores students can apply for countries such as the US, Canada, Singapore, UK and other European countries.

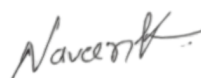

Students were told that if they were worried about the fees they could opt for countries which had low fees comparatively.

Guidance in building their profiles, interview preparations, visa counselling, LORs and how to write their SOPs were given.

The classes offered assistance in schools and program selection, financial planning and how to apply for scholarships.

Student Feedback and Benefits:

Students got an overall idea of international higher studies.
