### PLACEMENT

Five students have been placed with **eClinical Works** during their interview, which was conducted on October 30, 2019. **Tejaswini Tambe**, **Sanjana Babdi** and **Prathamesh Kadam** from the *Department of Information Technology*, **Wendell Mendonca** from the *Department of Electronics and Telecommunication* and **Swati Gupta** from the *Department of Computer Engineering* have been offered the roles of Software Specialists (Technical Support) with a package of INR 3 LPA. The selected candidates have been invited for a meeting with the CEO of the company in the first week of December and to collect their offer letters.

### INTERNSHIP

**Mukesh Parmar**, a third year student from the *Department of Information Technology*, has been selected for an internship program with **Hyfunn** as a Software Intern, Campus Ambassador for 120 days.

The interviews for **Katalyst** training programs for the girl students belonging to first year and second year of engineering and from EBC background were conducted last week at the institute. The list of selected candidates will be declared during the induction program of the organisation, which is scheduled on November 16, 2019.

The institute is immensely proud of the students who are actively participating and pursuing the project and internship opportunities provided to them. To offer appreciation to the successful candidates, the *Industrial Internship Program Committee* has been reaching out to their parents by sending them congratulatory emails.

### EXAMINATION

The **Viva Voce** for the students of S.E., T.E. and B.E. is being held since last week. The second **Internal Assessment Test** for F.E. was conducted last week and for them, the **Preliminary Examination** has been scheduled in the upcoming week.

### ACTIVITIES

The **College Development Committee** (C. D. C.) meeting was held on November 2, 2019 from 9.30 a.m. to 1.30 p.m. It was attended by all the committee members, the management and the principal.
