**ENTREPRENEURSHIP – MINDSET AND
ROADMAP**

We started our journey from college to the venue with great enthusiasm. The event started with praising the Lord proceeded with the introduction of the Speaker MR. ROYAL D'SOUZA. The session started with a very simple question what is the difference between successful personalities and normal people. Speaker gave us all kind of insights of Entrepreneurship and how to begin the journey to be the successful one. The whole session was very interactive and responsive. To conclude a Brainstorming Puzzle was given which blew our minds. and The second best part of the session was after It's completion as we took pictures together with the speaker and other members of YWCA proceeded with delicious snacks offered by the NGO.

Then we had wonderful talks with one of the young member of the YWCA and we were amazed by the works of YWCA and their contribution for humankind. At the end the day was spent very well ,we learned many new things for our life time.
