**Event Coordinator(s)**

- 1. Mr. Naveen Kukreja**
- 2. Prof. Saniya Gonsalves**

**Time& Place:**

**Zoom (10:00- 11:30 am)**

**Department: Computer Engineering**

**No of participants: 70**

A combined BCE-II guest lecture for the students of COMPS, IT and EXTC departments was organized on 30th July, 2021. Mr. Vivek Sarada, founder of Ideal management, trainer for CAT, CET, GMAT and NMAT was the speaker. The duration of the session was 1½ hour from 10:00 - 11:30AM.

**Mr. Vivek Sarada** has an MBA and worked for Kejriwal Paper Ltd as the international marketing manager before starting his own venture, Ideal Management. His company has coached many students and helped them gain admissions in top MBA colleges in India and abroad.

The guest lecture was organized with the aim to acquaint the students about the various stages in the selection process; aptitude tests being an important one. Mr. Sarada gave the students an overview of the type of questions they can expect in examinations like CAT, CET, GMAT & NMAT. It was an interactive session; where Mr. Sarada shared some sample questions and guided the students about finding the answers. He also debunked many myths associated with these examinations in terms of difficulty level and their relevance. This would help students choose wisely among the exams they wish to give and accordingly brace themselves to work for it.

70 students from COMPS were present for this session. Finally, the session concluded after which the students could have their doubts addressed. This resulted in them being able to envision a clearer picture for their future.

**Student Feedback and Benefits:** The overall feedback from the students was encouraging.
