Feedbacks:

- A good and helpful Web Development Course.
- The course was very helpful. Gave me a better understanding of the tags in HTML, taught me new tags and covered most of the basics in one day.
- This course is an excellent means to learn the basic units of web development. Although I have just started with the course and attended the first class, I have learned a lot.
- Sir was giving personal attention and that was very impressive
- The course was good
