Information Technology

No of participant: 17

On behalf of University of Mumbai, Xavier Institute of Engineering, Mahim had organized an orientation program on 2nd January 2020 for the subject of "DevOps Lab" (Course code ITL803) of semester VIII (CBCS) under University of Mumbai.

Venue for the program inauguration and session was Software lab-2 located at 2nd floor of Xavier Institute of Engineering.

Dr. Bhushan Jadhav (TSEC,Bandra) and Mr. Mahendra Mehra (FRCRCE, Bandra) were the resource persons for this orientation program.

Total seventeen (17) faculty members from various Engineering colleges affiliated to University of Mumbai were present to attend this orientation program.

In this program the resource persons guided about the credit and grading system of the subject which focuses on continuous evaluation which will enhance the quality of education.

It was an interactive orientation with discussion on following topics: Lab Objectives and Outcomes, Module wise Reference Books, Modes of Evaluation for Lab ,Discussion on mini project, Discussion on tools to be used for the laboratory, Term Work Marks Distribution, Laboratory list, Oral and practical exam

The program concluded with questions from the delegates and their satisfied explanations by the resource persons.

Benefits: The faculty members got a vivid idea as to how to go about the subject in the due course of the semester.
