Title of the event: “Research Methodology Guidance and Interaction”

Event Date / Time: 25/08/2023 2.30 PM

Event Coordinators: Jaychand Upadhyay

Details of Resource Person: Dr Tad Gonsalves, Full Professor, Sophia University, Tokyo

No. of Participants: 69 Class/Semester: BE-IT /VII

Objectives: To address the importance of research methods in the project building phase.

Description: Guest lecture on Research Methodology Guidance and Interaction is scheduled offline for final year students (IT Branch) of XIE. Mr Jaychand Upadhyay has introduced the speaker in the beginning of session. The speaker for the session is Dr Tad Gonsalves. He is a Full Professor in Sophia University, Tokyo. He has expertise of research guidance and paper writing for more than 20 years. His subject interest lies in various topics like Simulation Engineering, Evolutionary Computation, AI and Deep Learning Applications. In this seminar, he explained various research methods that can be adopted the project study. The entire session was very interactive as speaker used to ask question and takes oral feedback of students in the session. After his guidance students presented their project study. He motivated the students towards the importance of research based study. There were total 69 students participated in the session. At the end, Mr Jaychand Upadhyay delivered vote of thank to the speaker. The classroom used for guidance is LH05 and Software Lab-2. At the end, Google form is shared with the students to record the feedback of the event.

POs achieved: PO1, PO2, PO3, PO4, PO5, PO6, PO8, PO9, PO10, PO11, PO12

PSOs achieved: PSO1, PSO2
