XAVIER INSTITUTE OF ENGINEERING
A SISTER INSTITUTION OF ST. XAVIER'S COLLEGE

AICTE-ISTE approved STTP on Enterprise Network Design & Infrastructure Security

DATE: 02/07/2019

One week STTP was organized on "Enterprise Network Design & Infrastructure Security" from 24th June to 29th June by IT Dept of XIE. This STTP was open to the faculty of engineering colleges, research scholars and students who are working in the domain of network design and security.

The objective of the STTP was to give in depth knowledge and hands-on training of two newly introduced subjects "Enterprise Network Design and Infrastructure Security" in B.E (I.T.) Sem VII, Mumbai University. The STTP was conducted in Software Lab II. Dr. Gautam M. Borkar, Associate Professor from Ramrao Adik Institute of Technology College delivered the key note. The sessions were conducted by Prof. Dayanand Ambawade, Associate Professor from Sardar Patel Institute of Technology College and Prof. Mahendra Mehra, Assistant Professor from FRCRC College Bandra.

Benefits: In depth knowledge and hands-on training on enterprise network design, kali Linux, various security tools and infrastructure security.

Event Coordinator(s)

1. Ms. Sulochana Devi

2. Ms. Nikita Lemos

Time & Place:

24th June to 29th June

Software Lab II

Xavier Institute of Engineering
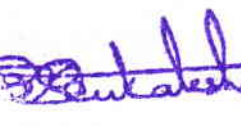

Department:

Information Technology

No of participant:

23
