MIS professionals create information systems for data management (i.e., storing, searching, and analyzing data). In addition, they manage various information systems to meet the needs of managers, staff and customers.

A guest lecture was organized for final year students of IT, COMP, EXTC on 18<sup>th</sup> Sept-21 from 12:00 pm to 1:30 pm on Google Meet, as these classes have MIS as Institute Level Elective in SEM VII.

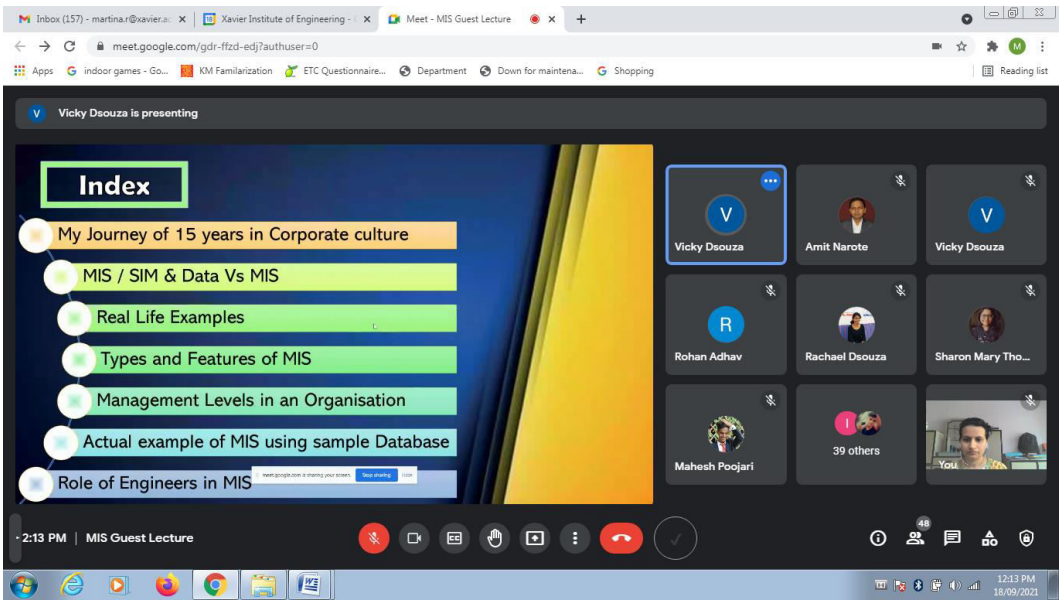

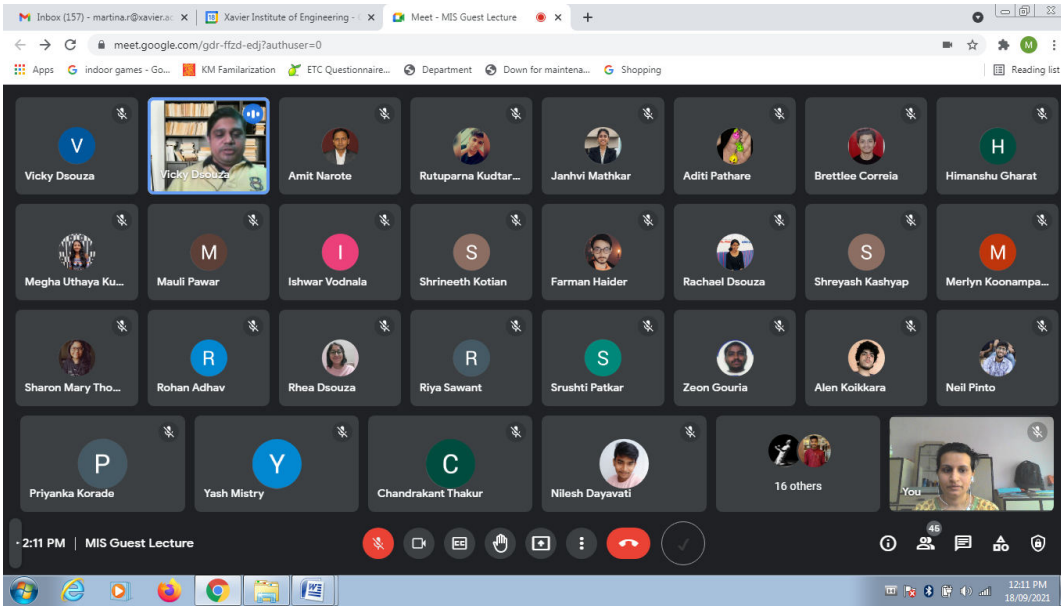

Speaker: CA Mr. Vicky D'souza , Currently he is handling all the Statutory & Management Reportings (MIS) for the company along with overseeing the operations.

Objective of the session was to make students understand the role of MIS in mutual fund industry and its practical usage wherein organization take crucial strategic decisions for the growth of the company.

**Feedback:**

1. Overall Good Session
2. Thankyou for guiding us.
3. Excellent Teaching.
