**No of participants: 24**

**EVENT :**

**Details of the resource person:**

Mr. JagatheshSivalingam, senior software Engineer, Robert Bosch Engineering and Business Solutions Pvt. Ltd. He Has 5 years of experience in the industry. He is very passionate about teaching and learning new things. He Completed his M.E in Applied electronics at Coimbatore Institute of Technology (CIT), Coimbatore.

**Short description:**

In this session, the resource person gives a brief introduction of all career options available for IT and Computer Science students. Not only technical fields but also the government sector, he suggested many job profiles. Apart from this, he explained how post-graduation helps us to develop ourselves and get a good job profile in the industry.

Target audience: BE Computer engineering students

**Purpose:**

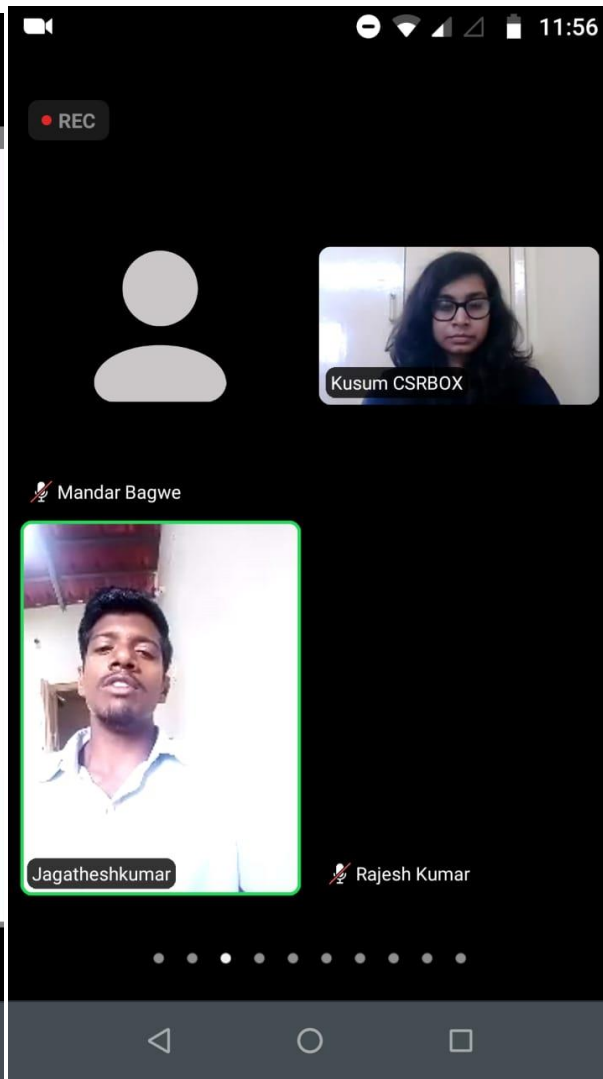

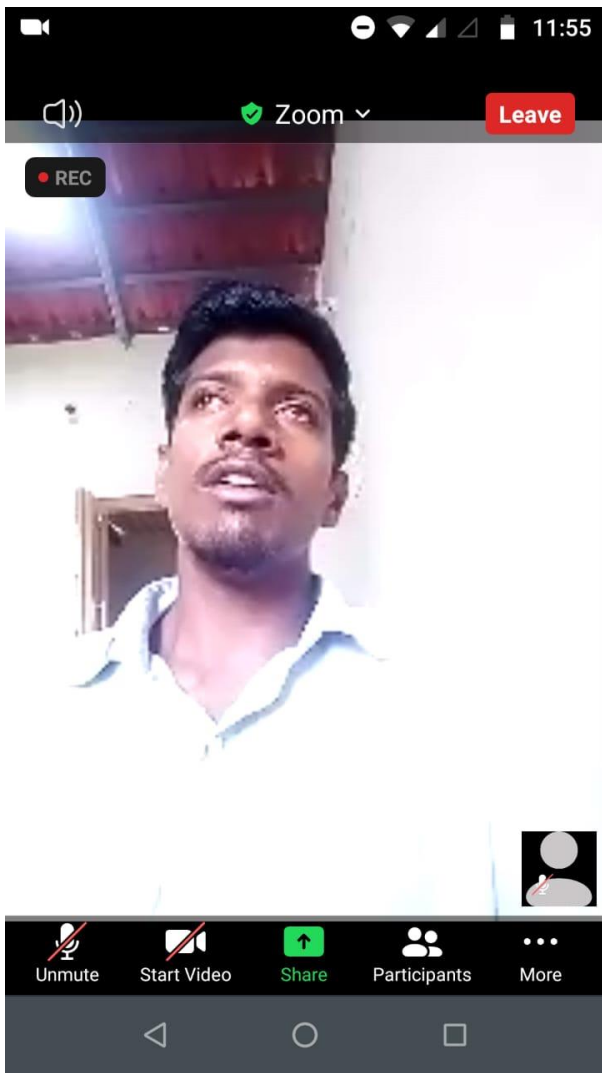

He taught us some important things during placements. He guided us on how to prepare for interviews, to make a good resume, to practice for aptitude and assessment tests, etc.

**Benefits:**

It was a very informative session for students. All doubts that students had were cleared by the resource person. Various career opportunities and their scope in the industry were introduced to students.

**Student Feedback and Benefits:**

It was quite informative and beneficial for fourth year students as it covered almost all doubts regarding their career in IT and Computer filed
