**Event Coordinator(s)**

1. Kavita Jain
2. Kirti Motwani

**Time& Place:**

**OS Laboratory**

**Computer department**

**Department:**

**Computer Engineering**

**No of participant:**

**80**

Prof.Kavita Jain and Prof.Kirti Motwani held mini project exhibition of Database Management System and Web design Lab. Exhibition was held in Operating System and Database Lab of Computer Department

Third Year students of computer department have done mini projects using MySQL/PHP/BOOTSTRAP/JavaScript under database management system and web design subject. Second year, third year and final year students of all branches were present to get an idea for developing projects. Staff members also participated to motivate and give guidance to the students

The purpose of project exhibition was to motivate the students to do the quality projects

The projects were judged by Prof. Martina D'souza and certificates were given to three good projects

**Student Feedback and Benefits**

Students gained knowledge about the project topics and ideas to develop projects in using different technologies
